

COMPANY ANNOUNCEMENT

Following a period of consultation, I am pleased to inform you that Wills Consulting is now under new management, having been acquired by an offshore marketing services company with interests in telecoms and media. The management has an excellent track record in telecoms products, systems and marketing services with such companies as Carphone Warehouse, America First and Freeserve.

I would like to take this opportunity to assure you that the support team here will continue to maintain the high levels of Customer Service that you currently enjoy. David Wills will continue in a consultative role for a period of time and every effort will be undertaken to ensure this transition period is as seamless as possible.

The future plan is to expand on the already successful Elephant Call Management suite which will be further developed to ensure it continues to meet market demands. As end users of the product we have always welcomed input from our Customers on potential enhancements so please continue to contact us with your suggestions. Wills Consulting and Elephant Call Management has always been about meeting customers needs in a simple but effective way and this remains the case.

Please contact [us](#) if you would like to discuss any of the above and we look forward to a continued successful future with you.

Regards
